# **CLADOPHORA RESEARCH AND MANAGEMENT IN THE GREAT LAKES**

**A Workshop at the Great Lakes WATER Institute,  
University of Wisconsin-Milwaukee  
December 8, 2004**

# Overview – Six Questions

- What are the impacts of *Cladophora* on ecosystem and human health?
- What is the magnitude of the current *Cladophora* problem relative to the past?
- What do we know about the spatial distribution of *Cladophora* in Lake Michigan and other Great Lakes?
- Is there evidence for the causes of the problems? Is it the same for all the Great Lakes?
- What management strategies are possible and which are being applied?
- What are the priorities for future research?

# ***Cladophora* Research and Management in the Great Lakes**

Proceedings of a Workshop Held at the  
Great Lakes WATER Institute, University of Wisconsin-Milwaukee,
